Chapter 1: How You Approach Life and How You Appear To Others

Cancer Rising:

You appear gentle and soft, and you act rather reserved with others until you know them well and feel it is safe to be open with them. You have a strong need for emotional security and a sense of belonging, and are deeply attached to the past: your heritage, roots, family, cherished friends, familiar places, etc. Making radical changes or moves away from what is known and safe can be very painful and difficult for you. You tend to cling and hold on to people, memories, possessions of personal or sentimental significance. Having a home, a safe haven, is very important to you.

You approach life emotionally and subjectively and are sensitive to the emotional atmosphere, the subtle undercurrents of feeling in and around you. Instinctive and nonrational, you are often unable to give a clear, simple explanation for your actions. Something FEELS right, or it doesn't.

Your emotions and personal loyalties tend to color your thoughts and opinions. You view life from a very personal perspective and often cannot mentally detach yourself from your own personal bias and prejudices. You are apt to be concerned primarily with how something affects you and those dear and close to you, rather than with the principle or the broader social implications. For instance, you may be very patriotic and feel that whatever "my country" does is right without really knowing much about the other nations' policies or point of view. Put simply: if it is good for me and mine, it is good. If it is not good for me and mine, it is no good.

You are tenaciously loyal, protective, and supportive of those you care about, and have a very strong nurturing, motherly nature (regardless of your gender). You empathize with others and intuitively sense the feelings and needs of other people. Compassionate and sympathetic, you are easily moved by others' pain, and you are often the one others seek out when they need comfort, reassurance, or help.

Your moods fluctuate and change frequently and you are sometimes open, sometimes withdrawn emotionally. You communicate nonverbally and appreciate a person who can pick up subtle cues and hints, rather than having to make everything explicit.

You never forget either kindness or unkindness shown to you.

Chapter 2: The Inner You: Your Real Motivation

Sun in Taurus:

You are a steadfast and patient soul, capable of tremendous devotion, dedication, endurance, and constancy. The ability to follow through and stick with things is one of your greatest assets. Once your course is set, you pursue it tenaciously until it is completed, stubbornly resisting any attempts to sway you from your purpose.

You have a very practical nature and want to see concrete, tangible results for your efforts, and you are not one for spinning wild dreams that are unlikely to come into fruition. Most of your "wild dreams" have to do with material achievements, well-being, and security, for you have a great love of the physical world and you want to experience and enjoy it to the full. Though you will work long and persistently, you also have a strong sensual and comfort-loving side, and you want to enjoy what you have worked for. In fact, you can be

enormously lazy at times and have a tendency to overindulge in good food and other earthly pleasures. You also love the beauty of the natural world and probably prefer a serene country setting rather than an urban life style.

At heart your needs are simple and you are easy to please. You have a strong desire for security, stability, and peace, and will rarely make changes unless you are forced to do so. You are not very demanding emotionally, though you do crave lots of physical closeness and affection. Because of your faithfulness, emotional steadiness, and gentle strength, others often depend upon you for support. Though you hate upheaval and sudden changes, you usually maintain your poise and equanimity. You also have an innate sense of harmonizing with nature, allowing things to grow and unfold in their own time, and the patience to nurture something into being - be it a garden, a child, or some creative project. You make an excellent mother or father, especially if you follow your instincts more often than "the experts".

You have three major faults: one is your bull-headed obstinacy. The second is your unwillingness to deviate from your safe, predictable routine. And the third is your tendency to always insist upon realism and undervalue the imaginative, speculative, and fanciful - in other words, you lack the ability to play with ideas and possibilities, to open your mind to the new.

Sun in 11th house:

Leading groups and classes, and being involved in community efforts, social activities, events or movements are areas where you really shine and express your creativity. An awareness of politics or the larger social impact of individual actions is natural to you.

Sun Opposition Pluto:

You are intensely willful, zealous, and fanatical, though often you hide the intensity of your feelings and your personal motives and desires. You have an infatuation with power and an almost compulsive desire for personal recognition, the desire to be Somebody. You tend to worship Heroes who have powerful personal magnetism and charisma, and often seek to emulate them. You also have both a fear of, and an intense fascination with, death and the hidden, secret, dark side of life.

Chapter 3: Mental Interests and Abilities

Mercury in Taurus:

Your mind operates in a very deliberate and methodical manner and you dislike being rushed or forced to give an opinion before you have thoroughly ruminated and digested an idea. You are also difficult to influence once your mind is made up.

Though slower to grasp new concepts or learn new skills, you are patient and persevering and, in fact, often become quite adept at whatever you put your mind and hand to, for you are willing to devote much time and attention to it. You succeed not so much because of your mental brilliance, but because you have the ability to concentrate and follow a project through to its completion. You have an aptitude for singing or drawing.

Mercury in 11th house:

You have a good understanding of group trends, politics, mass movements, and community affairs. Sharing ideas with groups of people is something you do well and are likely to be involved with. You collaborate well in group efforts and are likely to be part of a successful team or large organization.

Mercury Trine Jupiter:

You have an ongoing interest in learning and expanding your mental horizons. You enjoy traveling, philosophical discussions, and exchanging ideas with those of different experiences and viewpoints. Broad-minded and fair, you are well-suited to law, consulting, diplomatic relations, and also business. You learn quickly, and can pick up on a new idea or concept with relative ease.

Chapter 4: Emotions: Moods, Feelings, Romance

Moon in Libra:

Your desire for harmonious relationships and surroundings is so strong that you avoid personal confrontations or any expression of intense, unpleasant emotions. You are an idealist who would like to paint the world in pastel colors, and live in peace and harmony with others at all times. You are able to see points of similarity and unity with people who are vastly different from yourself, and befriend many different types of people. You are a considerate and thoughtful friend, and have a real flair for making others feel accepted and appreciated. Inwardly you are often torn with indecision and are much more at odds with yourself than others would ever guess from your smooth, even disposition.

Moon in 4th house:

You have strong attachments to your past, the place where you grew up, your heritage, and family traditions. In fact, you may be unable to step out of the habits and roles you learned as a child. Your tie to your mother is very strong and you also seek mothering and protection from your spouse and other family members as well.

Moon Square Uranus:

You crave excitement, change, and discovery, and cannot tolerate a routine or lifestyle that offers little in the way of surprise or challenge. Excitable, spontaneous, and enthusiastic about anything new, you may be perceived by others as being too impulsive, especially in personal relationships. It is not easy for you to make or keep commitments, since you don't know how you will be feeling from one day to the next. Emotional freedom is very important to you. Your domestic life can be very unstable - but you like it that way.

Venus in Taurus:

In love, you are steadfast and loyal, especially if you have a warm, demonstrative partner. You are very sensually oriented and need lots of touching and physical affection. You enjoy being pampered with a good meal, loving massage, or other sensual delights. You are a wonderful lover, very attentive to the comfort and enjoyment of the one you love. You are tremendously responsive to beauty and physical appearances, and the physical attractiveness of your partner is very important to you.

Venus in 11th house:

You are a very sociable, congenial person and you wilt very quickly without the company of good friends and people to share good times with. You thoroughly enjoy working with others on group projects or community activities. You are quite happy when you are a part of a club, support group, or team of some sort.

Venus Square Saturn:

You are serious and find it difficult to enjoy yourself in a lighthearted, open and playful way with others. You rarely do something purely for pleasure, and can be very close-fisted and parsimonious. Perhaps due to painful separations in your early life, you are very cautious about becoming close to people and sharing your feelings. Though you crave love and affection, intimacy is difficult for you. You may become romantically involved with people who do not value you or treat you well. You need to learn to love and value yourself before you will find happiness in love.

Venus Trine Uranus:

You are open and progressive in your attitudes towards love and romance, and spontaneous and free in your love-expression. You are always willing to experiment and try anything new that your partner suggests, and you enjoy being surprised. A relationship in which both you and your partner have a good deal of freedom and independence will hold your interest much more than a safe, predictable one.

Chapter 5: Drive and Ambition: How You Achieve Your Goals

Mars in Aries:

You have a warrior's attitude - decisive, courageous, and bold. You tend to always want to DO something, even when waiting for an appropriate time or not doing something (simply letting things alone to resolve themselves) would actually be more efficient and effective. You absolutely cannot tolerate being passive or even patient about getting what you want. You feel that it is up to you to take the initiative and you go after your goal or desire very aggressively.

You are also self-reliant, do not depend on others to do things for you or help you along, and you are often irritated when other people offer advice or direction. Cooperation rarely comes easily to you. You are willful and can be quite oblivious to others' desires or feelings when you are pursuing something you want. You are highly competitive, enjoy a challenge or a good fight, and may be downright pugnacious at times. Abounding in energy and enthusiasm at the start of a new venture, you need a very positive response and encouragement to sustain your interest in it. If a project isn't successful rather quickly, you are apt to drop it and move on to something else, rather than rework or refine it. The desire to blaze a trail, to do things in a new way - YOUR way - is very strong in you. You can discover, invent, and initiate new things, but are impatient and may lack the stamina and perseverance needed to complete a long-term project.

Mars in 10th house:

You are likely to be known for your drive, energy, ambition, and competitive spirit. A successful career based on your ability to take initiative, be a leader, or excel in physical strength and prowess is likely. You most definitely want to be a winner and will work hard to achieve that.

Chapter 6: Other Influences

Jupiter in Virgo:

Your ability to think things through clearly, and to analyze and understand the smallest details of any plan, is highly developed. You have a modest nature and are more concerned with the success of your project or work than with personal aggrandizement. You enjoy working and are happiest when you are being productive and using your time efficiently.

Jupiter in 3rd house:

You have a great love of learning and an eager, curious, active mind which impels you to travel and see as much of the world as possible. You read widely, and may excel academically. You love being in a teacher-student relationship and may stay in school for many years, prolonging your studies for as long as possible! You also communicate well and would be an effective, inspiring teacher.

Public relations or any field involving communications and sharing information also suits you very well.

Saturn in Aquarius:

You have an innate distrust of groups and/or a cynical attitude toward society that may leave you feeling out of step and unable to participate in activities with your peers. Overcoming a sense of aloofness and alienation from others is an important task for you.

Saturn in 8th house:

Fear of the unknown, of change, and/or of death may plague you. You strongly resist changes and transitions rather than greeting them with curiosity or a spirit of adventure, which makes them much harder for you.

On another level entirely, you are very careful about joining forces, and especially your material resources, with others. You want to keep your own and other people's property and assets very distinct.

Saturn Square Pluto:

Once you decide what you want to do, you will pursue it tenaciously and, if necessary, sacrifice a great deal for your deeply felt convictions. This trait tends to make you feel a little out of step with others. You take things a little more seriously and have an inclination to be a bit of a fanatic, although probably not flamboyantly so, so others may not know how deeply you feel and how driven you are about the things that are important to you. You have a deep inner resolve and are willing to struggle to do the things that are really meaningful to you, rather than follow an easier but less meaningful course in life.

Uranus in Capricorn:

You are part of a 7 year group of people who are active in reforming businesses, governments, and other large social structures. A great deal of streamlining and reorganizing takes place, most of which will help to improve the well-being of people, the ultimate goal of these reforms. Your generation will promote various reforms that will vary in different nations. For example, some will increase socialization of public services and others will put more services in the hands of private industry. In either case, your generation strives for greater efficiency and a great deal of waste is eliminated from industry and government.

Uranus in 7th house:

You need a lot of freedom in your close one-to-one relationships and you may experiment with nontraditional forms of relationships. You rebel against conventions and restrictions when it comes to marriage or personal relationships, and you're likely to choose a highly unusual, eccentric, or unconventional partner.

Uranus Conjunction Neptune:

You were also born during a period that lasted approximately 5 years and is characterized by an unusually high degree of imagination and sensitivity. You are part of a group of people who are very inspired but also unstable. Many unusual contributions to the arts, music, religion, and psychic development are brought forth from your age group. These works are often strange and bizarre, and always original. Your age group also inspires intense political movements that are often fanatical or unreasonable in their goals.

Uranus Sextile Pluto:

You belong to a group of people who will be the positive reformers and innovators in society. Peaceful methods and new techniques which do not create too much disruption, but which bring about fundamental and profound changes in society, will be your contribution.

Neptune in Capricorn:

You are part of a 14 year group of people who are conservative and traditional in spiritual aspirations and religious outlook. Your age group returns to some traditional basics in religion, and also traditional styles in music and art. Classical music and literature have a revival with your age group, and a great deal of inspiration is gained from the masters of arts, music, literature, and philosophy throughout history. Your age group is contemplative and reflective about religious matters and you take an objective and logical approach to religious issues. Many of you are cynics and critics of spiritual and metaphysical ideas.

Other age groups criticize your group for not having enough heart and compassion. Sometimes this is true and is evidenced by some unusually crafty and manipulative fraud and deception that occurs in the higher ranks of governments and large businesses.

Neptune in 7th house:

You often have very naive, idealistic, or overly romantic attitudes toward people, and it's difficult for you to see others realistically. You may prefer to keep your relationships on an idealistic or platonic level, so that you don't have to deal with the more prosaic, earthy, human aspects of relating.

Thoroughly investigate potential marriage or business partners, as your gullibility and desire to see only the

best in people may blind you to the truth about others with whom you form a close alliance.

Neptune Sextile Pluto:

The entire generation to which you belong has tremendous opportunities for spiritual rebirth and awakening. This will not be forced upon you or precipitated by unavoidable events, rather it comes from an inner yearning and a natural propensity to seek the depths.

Pluto in Scorpio:

You are part of a 12 year group of people who have a complex and deep emotional side. Your age group has a great fascination for the mysteries of life, and members of your age group will make extraordinary breakthroughs in the understanding of life processes; major advances in biological sciences will open up new technological possibilities. Intensive probing into genetic structure and cellular processes will accelerate genetic engineering into new vistas. Your generation also probes the mysteries of birth and death, and members of your age group will even develop laboratories for forging new understanding of what happens at birth and death. Other breakthroughs will be made in the understanding of animal behavior and sexual activity. Archeological studies will unearth vast new insights into the history of man, and the exploration of the ocean will receive a new impetus, spurred by unusual and interesting findings made at the bottom of the sea.

Behind all of this work is the deep, probing, penetrating interest in the mysterious. There is a deep fascination with sex, power, and the occult as well. Hypnosis, karate, and other mental and physical training techniques are likely to be very popular with your age group. The love of mystery is also likely to bring a revival of mystery novels and movies; your age group will bring the macabre into current fashion and style.

You are an emotionally complex group, and you can be prone to some very strange behavior. Intrigue and mystery are exciting to your age group, and hopefully this does not get the better of you, causing you to act in a cruel or grotesque manner. There is a chance that crime, violence, and emotional disturbance will be relatively high in your age group, but hopefully your interest in the mysterious, strange, grotesque, and macabre will not manifest in this way.

Pluto in 5th house:

You have very strong creative forces and whatever you do, you want to do to the fullest. In love and romance, you get totally, passionately, even obsessively involved. In other forms of creative release and self-expression, also, you are very driven and you have a deep need to prove yourself. Your desire for personal recognition is compelling, and if you do not achieve creative success, you may try to force your children to fulfill your dreams for you.
